Diagnosis of the medical condi on that significantly impaired or a ected the student's class a endance or par cipa on during the semester:

Have you referred the student for con nuing treatment? If yes, please indicate the name and contact informa on of the individual or agency.

What would con nuing treatment for this student entail?

If you referred the student for con nuing treatment, do you believe he/she would be able to func on appropriately as a student at this College without con nued treatment?

Do you consider that the student presently or in the reasonably foreseeable future may be a threat to his/her own life or the lives of others?

Do you think the student is capable of carrying a full academic load (4 classes)?

Is ther
